Subject: [UCF] TFS Forester positions available in Texas

Howdy Texans and Potential Texans,

Enough of the doom and gloom.
Texas has a [looming boom](#).

Some 2007 Texas facts:

- 440,000 new residents
- 1/3 of all the new jobs created in the United States
- 20.93 million urban – 2.98 million rural
- 1 in 4 people in the 13 Southern states are in Texas cities
- 7 million people added since 1990 (More that population of 40 states)
- 23.9 population in 2007 and 52 million by 2040

And this year, [four of the ten fastest growing metropolitan areas](#) are in Texas with the Dallas Metroplex the fastest growing metro area in the US.

The Texas Forest Service has two Regional Urban Forester Positions open – Dallas and the Lower Rio Grande Valley (in Weslaco).

You can view the job details at <http://www.treelink.org/> under JOBLINK.
